CSS / SASS	AWS / NodeJs	ExpressJs /	MongoDB /	
HTML5 / XHTML	XML / XPath	Spring boot /	Redis	
Gulp / Webpack	Apache / Nginx			
Bootstrap / Tailwind	C# / ASP.NET			
AngularJs / React Native				
Android Java / swift				
Storyboard				

## Soft Skills

- Strong work ethic and dedication to providing excellent service to customers, going above and beyond to exceed their expectations.
- Advanced proficiency in working with the team to deliver product on time.
- Active listener with great communication skills
- Adaptability and flexibility to deal with a fast-paced environment and changing circumstances.

## Projects

- Developed a comprehensive microservice architecture e-commerce platform, featuring seamless and full integration for payment processing, order management, order history, and shopping cart. The project was built from the ground up using React for frontend and Spring Boot with Gradle-Kotlin for backend, ensuring robust functionality using resilience4j, and eventually containerizing the solution using docker.
- Developed an eBay-like platform for auctions, enabling clients to showcase their items and initiate bidding processes, as well as full implementations of CRUD operations on the bids and the user's information, this project was developed using a monolithic architecture with ASP.NET MVC, .NET 6 framework.
- Built various mobile apps, notably a dynamic restaurant management application leveraging React Native giving users the ability to track and manage their preferred dining venues, perform CRUD operations on the added items, star review system with comments, Google Maps integration for navigation, and Google Firebase for NoSQL and SQLite for RDBMS.
- Developed a Daily Task app by employing Swift Storyboard for intuitive UI design and Core data for data management, allowing users to log tasks on different dates, perform CRUD operations on the added tasks, as well as marking a task complete with built-in time tracking

## Education

**George Brown College**  
Sep 2021 - 2024

**Computer programming and analysis**  
Toronto, Canada

## Work Experience

### Cashier

**Jun 2017 - Present**

Rabba Fine Foods – Toronto – Canada (<https://rabba.com>)

- Stocked shelves, created merchandise stands that improved sales by 30%.
- Conducted cash office operations ensuring 100% accountability for all daily transactions and money in the store's safe.
- Establish and categorize prices of goods by means of calculators, cash registers or optical price scanners.
- Communicated daily tasks to cashiers and baggers and supervised the completion of all daily tasks.
- Answered customers' questions and provided information on procedures as well as expressing customer's concerns to my superior.
- Counted money in cash drawers at the beginning of shifts to ensure that amounts were correct and that there was adequate change.
- Exuded friendly, courteous, and positive attitude and demonstrated professionalism.
- Trained junior cashiers during my tenure.
